Reading

Students have a Language Arts block in the morning or afternoon Monday-Friday. We teach a mini-lesson and then the students work on independent tasks and meet to read in small groups with the teacher.

Writing

During Language Arts block we also work on Writing. Students use a notebook to write stories, work on word study, and keep track of their thoughts while they read.

6th Grade MATHEMATICS

Students have math in the morning or afternoon. We teach a mini-lesson and then the students work on independent tasks and use our new online math program: ST Math.

Advanced MATHEMATICS

The students are engaging in the 7th grade math standards by solving real world math problems and engaging in discourse. Students are explaining their mathematical thinking, asking questions, and critiquing the reasoning of others which enables them

become mathematical
